## SHAY PENMAN TO DIE EARLY SATURDAY

LINCOLN COUNTY NEGRO WILL  
BE FIRST MAN LEGALLY  
ELECTROCUTED IN  
KENTUCKY

Shay W. L. McCarty and A. L. Rankin left today for Eddyville, where they will witness the electrocution of Shay Penman, the negro who was sentenced to death for assaulting the little ten-year-old daughter of Mr. Rankin. Penman will be put to death in the electric chair before sunrise Saturday morning. He will be strapped into the specially prepared chair, when thousands of volts of electricity will be turned upon him sufficient to cause instant death. His will be the first electrocution legally held in Kentucky, the old method of hanging by the neck until the prisoner is dead, dead, dead, having been abolished by act of the last legislature, and henceforth murderers and other quality of capital crimes such as Penman's will be taken to Eddyville and be put out of existence through the use of the electric chair. Penman had been for some time the use of the electric chair.

The crime for which Penman was convicted is well known here.

Penman had been for some time a hand on the farm of A. L. Rankin, a prominent farmer in the Hubble section. One day last fall while Mr. Rankin was attending the Somerset fair, and the mother and the little ten-year-old daughter were the only ones on the place, the brute trapped the little girl in the springhouse, where she had taken some milk for her mother. By force he accomplished his purpose, and threatened her with death if she told anyone what she had done. The mother detected that something was wrong when the child returned to the house, and the one broke down and told her pitiful story. There are no more law-abiding and upright citizens in any community than the Rankins. One of the little girl captured the negro shortly afterwards at the barn, and brought him to town, themselves delivering him over to the authorities. At the trial, however, Judge Walker called for troops to protect the negro from mob violence. A jury was secured in Mercer county to try the case, and returned a death verdict against Penman which the Court of Appeals affirmed, and overruled a petition for a rehearing. Governor Willson then fixed the date for the execution.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. It is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. See our list of ten causes of deafness, which is nothing but an inflexible condition of the mucous lining of the Eustachian tube. We will give One Hundred Dollars for any case of deafness (proved by catarsis) that cannot be cured by Hall's Catarrh Cure, sent for circular. Free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists.

## BONEHEAD BASE BALL BEATS STANFORD

LOCAL BOYS GO TO PIECES IN  
GAME AGAINST ST. MARY'S  
COLLEGE TEAM.

Bonehead baseball is about the only excuse that can be given for the defeat of the Stanford High School baseball team here Tuesday afternoon by the St. Mary's nine, with the exception that the St. Mary's boys probably outclassed the local lads. Time and again the Stanford boys threw away chances to get around the big ring while the visitors took advantage of almost everything that came their way.

For the first inning or two it was a grand ball game and as Stanford scored first it seemed that they had a chance. The collegians are splendid young players, however, and were not to be denied. Two fast double plays, and the host of luck in the first inning when the visitors got three men on without scoring was all that prevented them running the total up higher than 5 to 2 which was the final score.

The visitors' battery was a crack one. Jack Ourbatters could find Kowalski their twirler, for only four hits while they got to Embury for 11. The worst sort of base running spoiled several chances which might have helped Stanford considerably.

Stanford scored first in the third inning when Bright was safe on McNamara's miff of his fly to right, Bright going on to second. He took third on a pass ball by Kern and was thrown out at the plate on a fielder's choice when Penny hit one to Simpson. Penny stole second and Kowalski threw wild in an effort to nail him at third and Penny scored.

The visitors tied it up in the fourth however, when with one down McNamara shot a hot one which struck umpire Penny on the foot and bounded to right field, and the runner was safe. He took second on a passed ball and scored on Robinson's hit to center.

St. Mary's won the game in the sixth, when Embury started off by hitting McNamara's first man up, who promptly plied a second. McNamara struck out and McNamara took third on a pass ball which bounced over the backstop. Simpson laid a bunt down in front of the plate, which Embury fielded perfectly, and in attempting to hold McNamara on third he layed his throw to first too long and Simpson was safe both men scoring a minute later on Robinson's hit to center. Robinson also trotted in when Penny threw low to Waters trying to kill the runner at third.

Stanford got one more in the seventh, and the hopes of the big crowd of fans revived slightly. Doster walked; Bright flew out to Simpson; McNamara bunted and Embury was thrown out at second, Penny safe at first. McNamara stole second and scored on Waters' single to center.

The collegians got their last tally in the eighth when Simpson who, one at bat, Singleton too hot for him to handle, hit second and was driven home by John's single to right. The score, Stanford 7, St. Mary's 6.

Mrs. Jesse Traylor and son of Danville Ky. were the guests this week of Mr. and Mrs. Reed McCormack on West Main street.

Karles and Montgomery the wide awake merchants of Earleton, formerly known as Richards X roads, are enjoying a splendid general merchandise business there, and have the confidence of the entire community. There is a splendid place for a good blacksmith.

Mr. Presley Sander who had a severe case of double pneumonia is now able to be out and will soon be himself again.

Born, to the wife of George Montgomery last week a pair of remarkably beautiful seven pound girls that are so much alike that their mother cannot tell which is which.

The prettiest field of wheat in the West End is in the green river valley near Earleton. It is thick on the ground and full knee high.

The Hanging Fork at this place was higher Sunday last than at any time this year, it being past fording for some hours. Kindly ask our obliging county clerk to advise the writer just how much help we expect from county court toward building a bridge across the creek near residence of D. S. Carpenter then we will try our city fathers for the balance.

A Mr. Wilkinson who was going in the vicinity of King's Mountain attempted to cross Green river Sunday at the Mat Reynolds crossing, when there was too much water in the river. His horse was drowned and his buggy broken up and after floating some distance down the river he finally landed alive with an experience never to be forgotten.

Delegates to the C. W. B. M. Convention that meets here May 4th and 5th are arriving and being cared for by the local committee. A delightful dinner will be served in the opera house. A number from adjoining counties attended the meeting and Mrs. V. E. Morse from Quincy, Ky. holds the distinguished honor of coming more miles than any other delegate at the Convention.

I hear of considerable dissatisfaction arising from the letting of the concrete work in front of the Christian church. The committee failed to give the contract to the lowest bidder is the whole cause, and the membership is awaiting a satisfactory explanation of their action, if such can be given.

Milton McCormack is certainly pitching fine ball for the Albany, Ga. team to which he now belongs. The Albany Herald of May 1st says in fact lead lines, pitchers like McCormack is doing, is sure to win the pennant. He has captured the Georgia fans.

Our other professional pitcher How and Camilla of the National League is making a world's record so far this season and in the latest company in the base ball world. He has to date pitched six games and won five.

## Andrew Hasty

OF KING'S MOUNTAIN, CHARGED  
WITH BOOT-LEGGING

U. S. Marshal, J. A. Coleman, one of the cleverest men in the service in this state, and who is very successful in running down criminals, was in Danville Saturday in quest of an alleged law breaker, says the Danville Advocate. He was after one Andrew Hasty, who it is alleged had been doing some bootlegging at King's Mountain. Hasty was coming south on one of the two trains and the Marshal didn't know which one, and in fact didn't know the man. So when train No. 5 pulled into Danville he had one of Jailer Fitzgerald's young sons to go though the train with a large railroad envelope crying out the name of "Andrew Hasty." In the meantime the Marshal and Jailer Fitzgerald stood at either end of the coach watching results. The first time there was no answer and the young man marched through the coach again and this time the much desired individual arose to get the envelope which only contained a blank piece of paper and the Marshal and the Jailer swooped down upon their man, who is now languishing in Danville at Castle Fitzgerald awaiting trial before U. S. Commissioner W. S. Lawwell, which will take place next Saturday.

## WANTS TO BUILD ONE MORE CHURCH

REV. R. R. NOEL MAKES AN AP-  
PEAL FOR HELP FOR BLUE  
LICK CHURCH

Rev. R. R. Noel the well known Baptist divine, who has been in the ministry for thirty years, says that he has built 29 churches, and wants to build one more before he gives up the good work. He makes the following:

### Earnest Appeal.

On Saturday April 29th, 1911 in a business meeting of the Blue Lick church was constituted some years to wait upon me with a petition to come and help them to build a church house wherein the may meet to worship God. This church is located at the foot of the hills midway between Stanford and McKinney and is composed of some as good men and women as God ever let the sun shine on. They are rich, only in grace. The church was constituted some years since but never owned a house of worship. They need help. They are worthy. They need about \$600 to build. My friends of the county, of every creed, and of no creed, have nobly stood by me in the past and as I am growing old in years and feeble in voice and not able to plead for this noble enterprise, don't wait for it, but through the mail, and by hand send in checks and cash and help me build one more church house, and they came, both men and women as many as were willing hearted." — R. R. NOEL.

## PREACHERSVILLE

During a recent meeting here, a small dog followed his master to church and becoming lost, wandered to the residence of Mr. F. T. Parks where it found a good home and good treatment. Here of late the canine forgetting all his former good manners, abused the confidence of his new master, by regaling an epicurean taste on nice, fresh leghorn eggs and bringing the biddies much grief in the loss of a part of their promising broods. Neither threats nor entreaties put any stop to such reprobate conduct. Last week the end came. After a bad raid on the young poultry, the good lady of the house procured her husband's revolver, and four well-aimed bullets cut short the outlaw's career. We heartily commend the action of Mrs. Parks in the matter, and think all the women folks would do well to learn to handle firearms in case of need.

Mr. and Mrs. J. M. Cress were called to Hiatt, Ky., to attend the burial of their niece, Miss Fannie Hiatt, whose death occurred Monday at her home in Mt. Vernon, after a long illness from consumption. The deceased was sixteen years of age and the daughter of Mr. and Mrs. Conrad Hiatt, who formerly lived at Hiatt, Ky. She is said to have been a most excellent young lady and her sad taking away will cause much sorrow. Her remains were laid to rest in the family burying ground.

Mrs. J. F. Payne has purchased a nice new steel loom and will soon be weaving carpets. The machine is of the best make.

Queen the old family mare, belonging to Mr. John Williams died Monday night. Mr. Williams is having a lot of bad luck with his stock, having lost a fine mule quite recently.

Mrs. T. W. Naylor and mother, Mrs. George Lawson near Cedar Creek.

Miss Jessie Ballard has been quite ill of pneumonia, but is much better.

Rev. T. H. Thornton and son, of Housader, Va., have been visiting their son and brother, Rev. E. B. Thornton.

Horn, to the wife of Richard Dye-house, a nice 10 pound gilt, and Richard now is all smiles.

The recent freshet on Drake's Creek did considerable mischief. A good corn planter belonging to August Bartles was carried off. Residents on Dick's Creek near the Moser Bend, saw it as it passed, full 5 miles from where it started. It seemed to ride as easily in the water as a boat, tonnage up and keeping a nice balance, being in gear, the rouse passed over is well planted to yellow corn and pumpkins.
